- You can't know if someone is LGBT+ just by looking at them

School Diversity week

- School Diversity Week is a special week where we celebrate equality for everyone
- We want to celebrate every single person in our school community, no matter who they are or who they love
- We take part in activities to show that in our school no one should be treated differently because of who they are

At our school we celebrate the diversity of our community

- You are all different and this makes you special
- At our school we celebrate the joy of being different to each other

What is Pride?

What is Pride?

Pride (with a capital P) is **a global celebration of the LGBT+ community**. It is a time to think about the **history of the LGBT+ community** and **raise awareness of issues that still exist for the LGBT+ community**.

June is Pride month and there are events across the globe. **Pride events often include parades and marches**. You may see lots of things with rainbow flags on them - from clothes, to things around the home and posters.

What does LGBT+ mean?

- **L** stands for lesbian, a woman who loves another woman
- **G** stands for gay, a man who loves another man
- **B** stands for bisexual, a person who loves people of all genders
- **T** stands for transgender, when someone's gender is different to the gender people thought they were when they were born
- **+** symbolises the many other people in the LGBT+ community who use different labels to LGBT

LGBT+ Pride?

Why do we use the word Pride?

Pride Month and Pride events are all about LGBT+ people being **proud about who they are**.

For the LGBT+ community this is important because it has not always been easy for LGBT+ people to show that they are proud of who they are.

It is a time when people who are not LGBT+ can also **celebrate the LGBT+ community** and be proud of them being who they are.
